4. High School Students who enroll late - Joell
 - a. No update
5. Course Grades for Partial Semesters - John
 - a. No update
6. Progress Monitoring - Tom
 - a. Fastbridge was chosen as the company we would like to move forward with for our screener/progress monitoring testing. Tom will contact the Math and English departments to check with them on any concerns they may have regarding the two tests.
7. Creation of a PD Committee - Lisa

Per the Educational Program Policies, we will need to create a PD Committee. The charge of this committee is to look at the WBWF Goals that are developed from standardized testing, and identify and implement PD that can help teachers implement the goals. Ideally, the WBWF goals will be developed and presented at the June Academic meeting, and then the PD committee would identify the necessary PD. Based on whatever standardized testing we choose, these goals may not be fully recognized in this initial cycle of implementation. For example, teachers have to learn how to use and implement the standardized testing, so this first cycle might be different than when we have completed the entire cycle.

 - a. PD committee would, at minimum, being the process of determining professional development for upcoming school years. We don't have a lot of data to make an informed decision at this point, so we need to start to look at the process so when we have the data, we'll have a task force and process in place.
8. New Business
 - a. None
