Discussion:

1. Director evaluation. We are still on track to complete the 360 evaluations by Wednesday. All of us need to fill out our forms and get those back in by March 20, 2020 so the Chair has enough time to compile the data. We need to schedule one more closed meeting. The question was raised how this will be held. The Chair clarified we are not sure yet - we will have to work that out. The closed meeting will be on Monday, April 6, 2020 at 5:30 p.m.

2. Mr. Gawarecki spoke to the “Closure Time Planning for Distance Learning” document. We are closed from March 18-27, during which time schools need to plan what their distance learning will look like. We will not be doing e-learning, but rather will be doing “distance learning.” We will most likely do something similar to e-learning. Mr. Gawarecki expects we will be going to an online learning platform, but will still need to incorporate some sort of distance learning because you can’t do everything virtually. We will still need to get materials to students for some things. During the closure, there is to be no instructional time per the Governor. This is to be planning time so that on March 30, we are ready to roll out our plan to our students. MDE has gone from a once-per-week communication, to a once-a-day communication with school leaders.
Mr. Gawarecki clarified that e-learning and distance learning have two different definitions, and from here forward we will be doing distance learning. E-learning is defined by statute and is tied to weather-related closures. Thus, we should start being mindful of how we refer to it and not use the terminology “e-learning,” but use “distance learning.”

Ramesh Aki joined remotely from 2440 Golf Drive, Woodbury MN 55129 at 5:25

Regarding staffing. The MDE has recommended that during closure all staff members report to school. Mr. Gawarecki is asking that the Board allow him to permit staff to work from home as long as they email him that they are working from home. This is the same thing we do for Teacher Workdays. He believes this will help keep staff as safe as possible. MSA will have an open-door policy and staff can come in and work if they want to, but they don't have to. Mr. Gararecki plans to be here every day, and someone else will also be here in Buildings A and B during the closure. If teachers do come in, the expectation would be that they not congregate and that they would keep gatherings at 5 people or fewer. Mr. Gararecki does not think we need a formal motion, but would like it noted in the minutes that the Board recognizes that staff will be using closure days similar to workshop/teacher work days. Mr. Eng suggested we vote on it nonetheless so that there is clear direction from the Board.

The intention is to continue the learning forward so that when students start next year, they can pick up where they were supposed to be had distance learning not occurred. Mr. Gawarecki stated that our rigor will look different because it will have to due to the distance learning component.

As for student care for children under 12, the YMCA has agreed to watch those kids. This also includes children of teachers.

As to communications, Mr. Gawarecki will be sending out staff emails every Monday, Wednesday, and Friday. Parent emails will be Mondays and Fridays. BOD members should also be included on all these emails.

The MCA window will not change. It started March 2 and will end on May 1. MDE is looking to get a waiver. This affects the stipends we had approved for the staff. It is on the agenda to change the performance stipend to tie to graduation rates rather than MCA scores.

The Chair suggested adding something to our closure plan to address AP classes. She also suggested we have a teacher group to address teacher concerns that arise.

Workshop was adjourned at 6:05 pm

- Continue to perform credit checks on upper level grades to ensure progression towards graduation.

**Middle School Counselor Goal Update**

All goals are the same as last month other than the following:

6. Testing Coordinator
   a. Provide teachers at least two months prior notice of MCA test dates and locations.
      i. Brought potential MCA dates to teachers. All departments got back to me and we have solidified when testing will take place. Brought MCA Dates to staff meeting. I also let staff know of a rough schedule. Teachers will have all times, trainings, and details for MCA testing when they come back from spring break. They will be sent out during spring break.

8. Student Representative Communication and Update

   Ms. Wong was unable to attend and submitted nothing for the meeting.

9. Reports from Board Committees, Activities Director and Task Forces

   **Board Committees:**
   - Academics (Ms. Anderson): Report submitted. They discussed the academic eligibility policy dates. They did not come to a conclusion and made a task force to look at academic eligibility more closely. Next meeting is April 6, likely online.
   - Annual Fund (Mr. Langseth): Report submitted. Mr. Langseth was not at the meeting and he submitted nothing for review by the Board.
   - Communications (Ms. Kurkoski): Did not meet, nothing submitted.
Personnel (Ms. Anderson): They are trying to fuse the standards for principals and superintendents along with the job description of the Director. The idea is to have them all in one document. The next meeting is scheduled for the end of the month. It will likely be online.

Finance (Mr. Langseth): Report given by Mr. Gawarecki. Financial Statement and Supplemental Information was provided to the Board. The Finance Committee met just before the BOD meeting. We are at 67% of the year’s budget. Our revenues and expenditures are around 63%. We are projected to have a surplus of $187,000. This could change depending on what happens in the next few months. Our revenue stream is solid, the closures will not affect the revenue stream. Our expenses are on target, and our revenue is coming in as it is supposed to. Maintenance on buildings would be in cost saving mode because not all people are in the building (i.e. papertowel replacement, sporting events - no bus). The fundraiser in May could be in a different form. The deep clean over spring break was under $1000 and within budget. Custodial would be pared back with distance learning.

Motion to approve the February 2020 Financial Statement and Supplemental Information.

Vote: 6-yes 0-no 0-abstain
The motion carries.

Mr. Gawarecki also asked that the performance stipend goal be amended to tie to graduation rather than to MCA scores given the current school closure. Mr. Gawarecki explained that the MCA testing will be affected with distance learning. Mr. Gawarecki would like to amend the stipend goal to not be related to MCA results, but rather to our graduation rate. The graduation rate is still based on the authorizer’ goal and it’s something we can easily measure. If we tie it to a 95% graduation rate, 57 of our 60 seniors would need to graduate. Historically our rate of graduation is close to 100%.

Motion to amend the performance stipend goal to be awarded upon the graduation of 95% of MSA 12th grade students.
Moved by: Cody Schneipp Second: Judy Seeberger

Vote: 6-yes 0-no 0-abstain
The motion carries.

School Expansion Possibilities (Mr. Eng): Report submitted. There was a third consultant that presented, Suntide Realty. His background is in real estate. After the meeting, criteria was put together to use for evaluation. An RFP will be put together to send to the 3 groups. It will require items such as their fee, anticipated timeline, and number of employees on the job. Mr. Eng will send the RFP to the committee first. A report was to be submitted at the Annual Stakeholder Meeting but the timeline will be stretched out. The next meeting will be at the end of the month. It may not be needed if communication can be done by email.

10. Consent Agenda

a. Annual Review
   i. Policy 616 School District Accountability Policy
Motion to approve Consent Agenda Item.

11. Old or Unfinished Business

a. By-Law Change

i. Vice Chair/Chair Progression

Discussion:
Ms. Anderson provided the background. This would also have to go to the teachers too. Recommendation would be to change Vice-chair to include Chair-elect. So that they are working in tandem with the director. Vice-chair can be part of the meetings before becoming Chair. Vice-Chair and Chair have to each be from a different board representative. The idea is that the vice chair would be teed up to be the Chair the next year and they would be involved in discussions and decisions to make the transition to Chair easier. Keep in mind that between the Chair and Vice Chair, one has to be a teacher and one has to be a non-teacher. Mr. Schneipp wonders if this extra change would be too much given everything that's going on. Should we table it until next year? If we do, it wouldn't take effect for 2 years since it would not go into effect with this next election. Board would have to vote twice. Board decided to bring it to the teachers first.

ii. Early June Meeting (2nd Week)

Discussion:
The idea was to move this meeting date so that parent BOD members can continue to serve into June. Once their student graduates, they are no longer eligible to serve on the board. By moving this date up, this meeting would happen before final grades are due. There was discussion about tying this date to graduation given the unique circumstances of the current school closure. What if graduation is pushed out? Will this push out the new Board members terms beyond June? It was decided to bring language to the teachers to hold the June BOD meeting, when the new Board is seated, on “the Monday after graduation, or the third Monday in June, whichever is soonest.”

12. Items for Discussion and Decision

a. Approve BOD Election Ballot

Motion to approve BOD Election Ballot.
Moved by: Dan Ellingson    Second: Cody Schneipp
Discussion:
There are 4 candidates each for teacher and parent. Board discussed the possibilities of a candidate withdrawing and decided to move forward with the ballot mailings. Ballots will be mailed out next week with the website information. Candidate statements will be on the website. Candidate statements should also be sent by mail to account for those who may not have internet access. They go out with a stamped return envelope to MSA. The only change will be to include MSA’s website on the ballot.

Vote: 6-yes 0-no 0-abstain
The motion carries.

b. Academic School Year / Preparation for Online School

Discussion:
We spent most of today’s workshop discussing this. Mr. Gawarecki spoke to the plan for closure. Starting tomorrow, we will be in closure. From March 18-27, it is non-instructional time. There is no requirement for instruction during that time because this period of time is for the school to plan what distance learning will look like. There is no more e-learning, this will now be distance learning. It may look similar to what happened for e-learning today, or what we’ve done in the past, but what exactly it will be is to be determined. This week has been one of a lot of change. Our goal is to start distance learning on March 30. The last couple of days have been spent getting a plan put together. Parents will receive emails from Mr. Gawarecki on Mondays and Fridays, Staff will receive email updates on Mondays, Wednesdays, and Fridays. Mr. Gawarecki will have daily phone calls and updates from MDE. This is uncharted territory and we need to be flexible. Every school district in Minnesota is in the same boat.

We have identified 18 different areas that the school will be working on. Look for emails in the future asking if you want to be part of one of these teams. The goal is to have most of the plan in place by the 26th to give us time before going live on the 30th with distance learning. One of the things the governor was emphatic on was that distance learning is to be equitable for everyone. There have already been meetings with the Special Education Dept and 504 administrators to ensure distance learning will be equitable. In the coming days, we will be meeting with teams and staff will be present at MSA. Please do not come to MSA unless you are a staff member. There will be some time scheduled for students to come pick up equipment and things if they need to. The pick-up yesterday went very well. We had over 250 families come to pick-up items and supplies yesterday. Look for more communication and information as it becomes available from MDE.

c. Election Procedures

Discussion:
Ms. Anderson brought up two things. The first is that originally Ms. Anderson had some help lined up from the PTO to help get the ballots mailed out. However, due to social distancing, she has cancelled those helpers. Thus, she is asking for leeway to get all the ballots out by Monday rather than Friday. The second issue is that this year we were going to try to do the
APPROVED

student rep election at the same time as the BOD election. We were going to have the students vote in advisory. But now we want them to have an electronic vote since they will not be here for advisory. The Board agreed to both an extension to Monday to have the ballots mailed, and that the students could vote on the student rep electronically.

d. Staff Closure Days

Discussion:
Mr. Gawarecki stated that MDE had directed that all staff members were to report to school during the closure. MDE stated that if staff did not report to the building, they would either need to take PTO or not be paid. Mr. Gawarecki disagrees with this mandate given health concerns and how this practice may foster the spread of the virus. Mr. Gawarecki asked the Board to adopt the procedure we use for teacher workdays (when no classes are in session but teachers are expected to be working). On teacher workdays, teachers either come to campus, or they work from home if they notify Mr. Gawarecki by email. That way he is able to account for all staff. This has worked will in the past and teachers have gotten just as much done working remotely - if not more - had they been on campus. He is asking the Board to approve this plan, allowing staff to work from home during the closure.

Motion to allow MSA staff to work from home during the closure as long as they follow the regular staff work day procedures.
