

# MSA Parking Procedures

## Items of Importance

- Please follow all instructions from parking personnel
- Please do not exceed 5 mph in the parking lot
- Please be mindful and give the right-of-way to pedestrians using the crosswalk
- ALL traffic should use the roundabout in a counter clockwise direction
- Vehicles dropping off or picking up at building A should stay to the south side (inside) of the drop off lane
- Vehicles dropping off or picking up at building B should stay to the north side (outside) of the drop off lane
  - Near the dumpsters, the traffic will carefully cross with the inside lane now exiting the lot
- Vehicles dropping off or picking up for buildings C and D should pull into that lot.
- Please do NOT drop off or pick up students while parked or waiting in the roundabout
- Please do not utilize the visitor spaces during drop off or pick up. We want to limit student pedestrian use of the parking lot to help ensure their safety during this busy time.
