Jacob Powers

What is your favorite memory while a student at MSA?

Getting Arnav out during the dodgeball tournament in 9th grade.

What are your future plans?

Go to medical school and become a surgeon.
Solo eat a 30 inch pizza.

What advice do you have for younger students?

Don't compare yourself to others.
Strive to be the best you can be
and not what others want you to be.

Tony Kamel

What is your favorite memory while a student at MSA?

My favorite memories were the basketball games we'd have with the whole school supporting.

What are your future plans?

I will be studying biology, society, and environment at the University of Minnesota and then hopefully pursue dental school!

What advice do you have for younger students?

I advise the younger students to never stop working hard and to always give your all in your schoolwork and extracurricular activities.

Sam Wurdemann

What is your favorite memory while a student at MSA?

Getting to be in a show on stage for the first time in seventh grade.

What advice do you have for younger students?

The "my computer broke" excuse only works so many times.

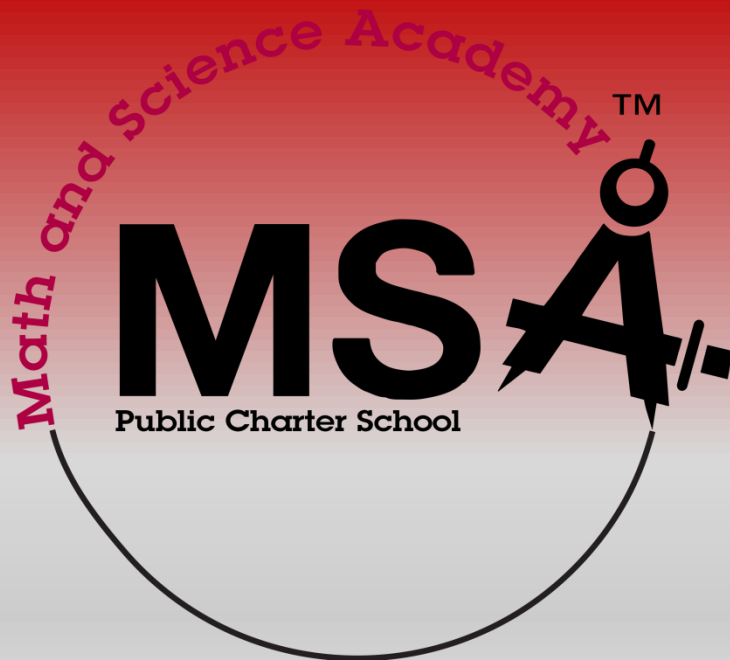

What are your future plans?

To study music and theater in Chicago.

Hank Miller

What is your favorite memory while a student at MSA?

Taking DVC with Thomas, Sam, and Patrick in 9th grade. It was so fun being able to just hang out while working on our projects or even making them together.

What advice do you have for younger students?

If you are EVER given an opportunity to do test corrections, do them. Even if you only got one question wrong.

What are your future plans?

Right now they are just to get through college and see what happens.

Arianna Cunningham

What is your favorite memory while a student at MSA?

Getting food after school with Sania.

What are your future plans?

Party it up, travel (after Covid, of course), and go to college.

What advice do you have for younger students?

Don't beat yourself up after one bad test or not turning in one homework assignment. Be a kid. You can take a break sometimes!

MSA Senior Spotlight

Kendra Flanigan

What is your favorite memory while a student at MSA?

I often reminisce about Socratic seminars and running between buildings in pouring rain.

What are your future plans?

I'm interested in STEM research at a coastal liberal arts college, and I'll be pursuing a Ph. D. in my field of study.

What advice do you have for younger students?

If there's something you want to do, don't wait to "qualify"-- seize every opportunity you can, since the future may not go as planned.

Sarah Staten

What is your favorite memory while a student at MSA?

It's easily the time I was sitting outside on the porch during study hall with a few friends, chatting about science since we didn't have any work to do. This is definitely tied with every single AP Bio class, though!

What are your future plans?

I want to get my doctorate in microbiology, marine biology, or both!

What advice do you have for younger students?

Do your work, think outside the box on projects, and take time to find out what makes the world beautiful.

Jaad Stout

What is your favorite memory while a student at MSA?

Being extremely competitive in sports, until I surpassed my own expectations.

What advice do you have for younger students?

Don't be indecisive, if you want it work for it.

What are your future plans?

To become a private investigator, go to college.

MSA Senior Spotlight

Jack Walzer

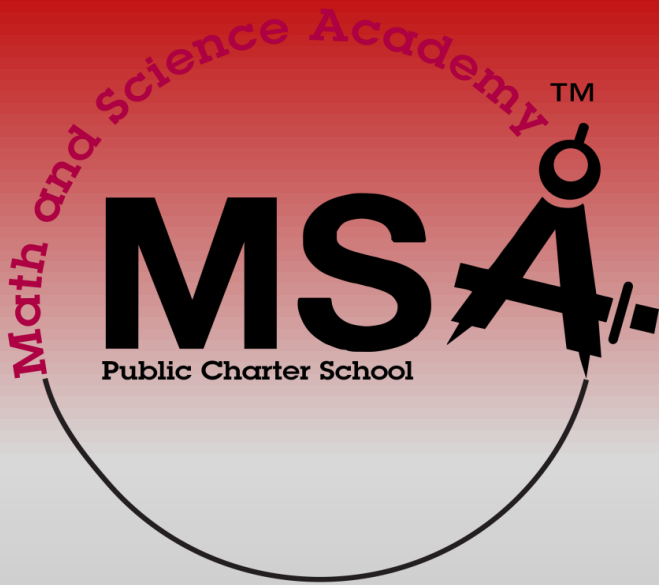

What is your favorite memory while a student at MSA?

I don't know there was a lot of great stuff.

What are your future plans?
Making movies.

What advice do you have for younger students?

Have fun, but also get ready to say good bye to friends, because most of you won't stay at this school the whole way through.
